

Gold: Daily (Dec): Mixed signals. Calm before a storm?

GCZ26 - Gold - Daily Candlestick Chart

200 MA & 4x1 Gann uptrend provide major Support below.
 3x1 Gann downtrend defined by lower highs & lower lows. Could be a 'Bull Flag' forming? Most recent rise thus far halted @ 40 day MA.
 New 2x1 Pitchfork emerging. Bulls would like to see a sustained upside breach of nearby \$5000. and then the 3x1 channel for more conviction of major uptrend resuming...
